

Producers / Presenters / Readers / Researchers

Do you have an interest in words? If so we would love to hear from you..

Wordquest Devon is currently looking for a team of volunteers to help produce our weekly radio programme on Soundart Radio 102.5fm and on the internet at www.soundartradio.org.uk

Learning opportunities include supporting programme makers in the studio, presenting and /or reading (optional), researching content and guests and promotion of the show to a wider audience.

The show is broadcast live every Thursday from 10am to 11am however we have two production studios that enable us to pre-record material.

Whether or not you have any previous experience with live broadcasting, we will work with you to make this fun, enjoyable and a great experience.

About Wordquest

Our Quest is to get people writing, walking and experiencing Devon through words. We're mapping all the places where words about Devon have been written — or could be. Around the County (and perhaps beyond) you can pick up copies of our 'Literary Map for Devon' - but you can also explore the online map here for much more information.

Wordquest Devon is an opportunity for people to immerse themselves in Devon's literature while exploring the county's dramatic landscapes. To keep up to date with latest news and events you can sign up to our newsletter and visit our events page to see how you can participate in Wordquest Devon.
